Terms and Conditions

To qualify for a rebate:

1. Purchase and install new qualifying rain barrel(s) or water harvesting tank(s) after **May 1, 2011**.
2. Applicant must be a water customer of City of Santa Fe Water Division with an account in their name at the service address where devices are installed and at time of purchase.
3. Rain barrels must have an overflow, secure lid for safety, screen, and water access tap to qualify.
4. Each residential customer is eligible for up to four rain barrel rebates per account including previous rebates.
5. Cisterns must have an overflow, vent, and proper backflow prevention and may not have make-up water plumbed to the tank.
6. To receive the rebate, City of Santa Fe Water Division requires an original receipt.
7. The completed application must be received no later than 90 days after purchase date.

Please note:

1. The program offers rebates for the retrofit of efficient technologies, and does not apply to purchases for new construction and development.
2. City of Santa Fe Water Division reserves the right to conduct inspections to verify installation of devices.
3. City of Santa Fe Water Division does not warrant, endorse, or assume liability for the quality or performance of the installed equipment related to purchase under this program.
4. Applications will be processed until funds are depleted.
5. City of Santa Fe Water Division reserves the right, at its sole and absolute discretion and at any time, to change any or all of the Terms and Conditions for the rebate program or to cancel the rebate program without prior notice.
6. Incomplete applications will not be processed. Do not mail application with utility payment.
7. You will be required to repay the rebate if any of these terms and conditions is found to have been breached.

Rebate amount:

1. The value of the rain barrel rebate for residential customers is based on the size of the rain barrel; $12 for 50 to 99 gallon barrels, $25 for 100 to 199 gallon barrels, and $50 for 200 to 499 gallon barrels.
2. The value of the water harvesting rebate for customers is $0.25 per gallon capacity of water harvesting tank.
3. Rebate payments will be issued as a credit on the customer's utility bill for the installation address.
4. Allow up to ninety days for your completed application to be processed and receive a credit.

For more information on this program, visit www.savewatersantafe.com , or contact the Water Conservation Office at (505) 955-4225.
